NO OBJECTIONS TO OAKLAND.

It is a great satisfaction to learn occasionally that A or B has no objections to Oakland When a cook, chambermaid or coachman appends this assurance to his advertisement for a place our confidence is strengthened in the immovable foundation of the place and Since this concession is made in a patronizing way so often, not only by persons seeking service, but by people who think of coming here to live, we are led to think that after all Oakland may not be on the wrong side of the Bay. Every day new faces may be seen among the regular passengers on the ferry boat, and these, in one way or another, convey the pleasing assurance that they had "no objections to Oakland"

There are just now about thirty thousand people here who are like minded Most of them have been won over gently. First, they come over to see friends. Then they concluded to come over and spend a few weeks of the Summer season, just for a change The few weeks were prolonged into months, and by that time the experiment had been a complete success Next we learned that the casual sojourner would not live any where else except in Oakland, if he could He is not only enthused," but he talks up the matter with his friends, and they come over That is one of the reasons why a thousand houses will be built in Oakland this year, and why the thirty or forty new stores will all be wanted together with the three or four hundred lodging rooms over the stores

The Health Office reports show that Oakland is one of the healthiest cities in the Union Nearly all the prominent streets will have sewers in them this year, and the great sewer running across the city connecting the lake with the bay, has given complete drainage to a large part of the city As the taxable property increases substantial improvements will be made The Court House, City Hall, school houses, churches and hotels, are better than are to be found in any other city on the coast except San Francisco And there is no other city on this side of the country which has so many miles of well paved streets The opening of the Southern Pacific Railroad through to Los Angeles, has furnished an occasion for writing a great many handsome things of the latter city. Now and then it is spoken of as the second city in population in the State But Los Angeles has not according to the highest estimate more than 15,000 inhabitants Probably the real number is about 12,000. It is only about half as large as Oakland. It it has the advantage of a semi-tropical climate, we are now and then reminded that one of the best orange orchards in the State is within thirty miles of Oakland. Putting all these facts together we ought not to be astonished that a great many people just now have 'no objections to Oakland"

NEW STATES.

Colorado is fairly inside of the Union by the adoption of a new Constitution, and by complying with all other conditions in the Act for admission. The Salt Lake *Herald* predicts that Utah will be admitted within the next four years. That will depend on circumstances. The admission of a State is a sovereign act of the Union. But it does not follow that any territory can be admitted as a matter of course. Even Colorado was kept out for years Congress may admit territories to the Union as States, and may keep them out Utah has a population a majority of whom have refused to conform to the laws of the United States. That Territory will never be admitted with polygamy, and without some strong guarantees of good behavior when once in the Union Not until Utah incorporates into a State Constitution an article declaring that polygamy is forever prohibited will there be any chance of admission to the Union; and even then there will be great hesitation in admitting a State until some further evidence is given on the part of the saints that they are well-disposed toward the Union.

RECENT ELECTIONS.

As the election news from Arkansas did not disappoint any Republican, so now we are told, that the result of the election in Maine has not disappointed any Democrat. But this statement is to be received with a grain of allowance. Just before the Maine election the Democrats predicted that if they could not carry the State they could greatly reduce the Republican majority. "Jim" Blaine's early report of what had happened in that State could not have been altogether acceptable to his political opponents. We may imagine that Blaine took great delight in sending off those early dispatches. His own State had rolled up a round majority for the Republican ticket and is sure to give a large majority in November. On the whole nothing has yet occurred to discourage the Republicans They are certainly in good heart and are now warming up to work

NOTES AND EXCERPTS.

Since the election in Maine it has been ascertained that about half the people who cross the Oakland ferry are from Maine, at least, that is the way they talk

The State Fair opens at Sacramento next week A large show of thoroughbred cattle will be one of the attractions The Fair of the Mechanics' Institute will close this week.

There are seven hundred and twelve millions of gold locked up in Europe This enormous sum is absolutely out of circulation, and is principally held by the banks of England and France This is *fourteen per cent* of all the gold known to civilized finance

Queen Victoria has been in Scotland unveiling an equestrian statue of the prince consort Her majesty was so pleased with the work that she hit the sculptor on his shoulder with a sword and bade him get off his knees a knight The loyal Scots made her gracious majesty accept the keys of Edinburgh, she invited a lot of earls and dukes to take pot luck with her and there was a high old royal time all round.

There is a very pretty quarrel—as it stands—in New York over Mr Bret Harte's play. Mr Stuart Robson, professing to be satisfied with the popular success of the drama, wrote a congratulatory letter to the author, in which he indiscreetly alleged that all the critics were venal Mr Harte, still more indiscreet, inclosed Robson's letter in one of his own to the *Herald* Thereupon the *Tribune* took a hand in, printing a brevier editorial on Robson, saying that he commingled a noble grief with imperfect syntax, and repudiating altogether his claim to be considered a representative of the dramatic profession

William M Evarts, the famous lawyer has eleven children, and yet he wants to be President! Evarts has a farm and summer residence at Windsor, Vermont, which is thus described In the vicinity is a greenhouse supplemented with a flower garden whose walks are hedged with high pointed hemlock as symmetrically trimmed as the less brilliant arbor vitæ Back of this is the kitchen garden which overlooks Mr Evart's farm of 600 acres Of the 600 acres nearly 200 are under cultivation, the remainder being pasturage and woodland At one time Mr Evarts had 500 sheep, but this number has been reduced about one-half In the private stable are eight horses, and vehicles from the four-in-hand drag to the basket phaeton There are large barns with lofts capable of holding 100 tons of hay

Remember that the English pronounce Beaconsfield with the first syllable short, as if 'beckon A floating paragraph sheds this light upon it 'There can be no doubt that Mr Disraeli has had it in his mind to associate himself with Burke in choosing this title Burke's house at Beaconsfield still exists but it is not on the new Lord's estate, though not very far from it The title itself was invented as long ago as "Vivian Grey," in which it is bestowed on one of the characters In the 'Young Duke' there is also a passage in which the writer remarks that there are two styles of parliamentary oratory—one for the House of Commons and one for the House of Lords, and that he means, if he has time, to give an example of both He suggests a 'Don Juan style for the Commons and Paradise Lost' for the upper We may, therefore, expect something dismally Miltonic from my Lord of Beaconsfield when he next addresses the world'

In commenting upon the nomination of Charles Francis Adams recently, we stated that he would not receive the hearty support of the Democratic party The Boston *Pilot* (Catholic) has been telling him why the Irish can never support him for any position It says The law of expatriation was only allowed by England in 1870, and then it was forced from her by the obvious injustice she had done to Irish-American citizens during Mr. Adams' Ministership In his time, and without a word of protest from him Irish American citizens were arrested on the steamers before landing in Ireland, and were convicted and sent to prison for long terms for words spoken in New York the only evidence against them being the testimony of wretched informers who were earning a life-pension from the British Government We see no reason why the naturalized citizens of Massachusetts, and every other conscientious citizen, should not vote down the man who forgot the Republic to please a European monarchy

True love, not content to bask in the sunshine without an umbrella handy in case of rain, finds fit expression in the following letter, which the Danbury (Conn) News has divulged. "MY DEAR HUSBAND I got here last night all safe, and was met at the station by uncle and aunt. They were so glad I had come, but were sorry that you were not along I miss you so much. We had hot rolls for breakfast this morning, and they were so delicious I want you to be so happy while I am here. Don't keep the meat up stairs It will surely spoil Do you miss me now? Oh! if you were only here, if out for an hour. Has Mrs. O'R——brought back your shirts? I hope the bosoms will suit you You will find the milk tickets in the clock. I forgot to tell you about them when I came away What did you do last evening? Were you lonesome without me? Don't forget to scald the milk every morning. And I wish you would see if I left the potatoes in the pantry I did they must be sour by this time How are you getting along? Write me all about it But I must close now. Oceans of love to you Affectionately your wife,

P. S.—Don't set the teapot on the stove.

Gov. Hayes has one accomplishment which we do not remember to have heard of before He can talk German or at least what is known in the Western States as "Pennsylvania Dutch" The Potsdam *Courier* prints a private letter from the Rev Dr. E W. Plumb, formerly of that place, in which he says Gov. Hayes is one of the best educated men on the continent He is one of the pleasantest and most effective public speakers that I ever heard And one source of strength to him in Ohio is his prompt readiness in the use of the German language Ohio has probably a greater German population than any other State in the Union except Pennsylvania They are in general a very intelligent, well educated class of people, the very best of our foreign population, and so numerous are they that they generally claim and receive a separate recognition and attention in all important political campaigns And Gov. Hayes can go into a convention of 5,000 Germans and stand and talk to them by the hour together in fluent and elegant German. They take this as a very graceful deference paid them, and show their appreciation by frequent and loud cheers for "Ruddy Hayes" He has carried the Germans of Ohio en masse

INGERSOLL'S PHOTOGRAPHIC Gallery is the place to get Photographs, and in fact all styles of pictures known to the Art All work executed in the best style. Give him a call No 1069 Broadway.

THE NATIONAL GOLD MEDAL was awarded to Bradley & Rulofson for the best Photographs in the United States, and the Vienna Medal for the best in the world. Ascend in the Elevator. 429 Montgomery street, San Francisco

From R. Fellows, M. D., of Mill, N. H. Although I have generally a great objection to patent medicines, I can but say in justice to Dr. WISTAR'S BALSAM OF WILD CHERRY that it is a remedy of superior value for Pulmonary Diseases. I have made use of this preparation for years and it has proved to be very reliable and efficacious in the treatment of severe and long standing Coughs know of one patient, now in comfortable health who has taken this remedy, and who but for it must would not now be living. A Card of Thanks.

Last Saturday, during the regatta race in San Leandro Bay, the passengers of the "Scottish Maid" were unceremoniously pitched into the water. Capt. Taffe, of Alameda, immediately came to our assistance and rescued us from the watery element. For this prompt action and gentlemanly conduct displayed, he has the thanks of the party.

Tax ladies of Oakland are invited to call and examine those real Balbriggan Hose (Smith & Co., manufacturers) which are selling at the rate of 3 pairs for $1.00 (actual value $1 00 per pair) at S. Greenhood & Bro., 1053 Broadway. *

To Politicians.

During the heat of the campaign we are all apt to forget what the result may be. Some will take a trip up "Salt River," and others to the State Capitol; but in either case they will want a great many of the numerous articles to be found at Messrs. Farwell & Hirshberg's, 1103 Broadway. Either a negligee shirt or a ruffled bosom, and a carpet-sack or a nickle-mounted satchel to carry it in, all of which they have on hand. *

Messrs. Lyon & Kinsey, proprietors of the Centennial Auction, corner of Ninth and Washington streets, this city, will hold regular sales of household goods at their new salesroom every Thursday, commencing at 11 o'clock, and any one having goods they wish to sell can not do better than to consign them, as they have every facility for a first-class Auction House, and will give satisfaction. See advertisement of their regular sale to-morrow. Also, they will sell at private residence, 329 Minna street, San Francisco, Friday Sept. 15th, at 11 o'clock.

Great Reductions.

Housekeepers rejoice, for Smith Bro.'s chemically pure borax, which combines so many beneficent uses, is now sold by grocers and druggists for 25 cents per pound. It exterminates cockroaches and small pests, allays inflammation, preserves milk and cream sweet, soften hard water, removes grease spots, and restores paint. But greatest of all, it is an invaluable aid in the laundry, and this firm guarantees that two ounces of this pulverized borax will go further as a bleaching and cleansing agent than one pound of washing powders, soda or ammonia. Remember the price is only 25 cents per pound put up in a tasty package with full directions for use. *

Anti-Coolie Meeting.

The announcement that an anti-Coolie meeting at the City Hall last night would be addressed by Hon. Phil. Roach and others, attracted a number of people to the Hall. The anti-Coolie Clubs from San Francisco missed the 7 o'clock train, and the time was occupied by a lengthy speech by C. C. O'Donnell. After the arrival of the San Franciscans, the meeting was organized by the election of E. J. Kelly, President, and about fifty Vice-Presidents, very few of whom were present. Mr. Kelly then read a long address, in regard to the "interests of Alameda county," harbor improvements, free postal delivery for Oakland, etc. Mr. Roach followed with an interesting account of the work performed by the Commission for California to represent the anti-Coolie sentiment of the people at the seat of Government. The meeting concluded with remarks from Mr. Gardner on the working of the Anti-Chinese Cigar-maker's Association of San Francisco.

HONORS TO MR. PAGE.

Public Reception of Our Distinguished Representative To-morrow Night.

Hon. H. F. Page, representative to Congress from this District, who arrived in San Francisco last evening, has accepted the tender of a public reception at the hands of the people of Oakland, and will be the guest of Mayor Pardee to-morrow night. At the invitation of the County Central Republican Committee, all the Ward Republican Clubs will meet to-morrow at the campaign tent, on Fourteenth street, at 7:30 o'clock P. M., sharp, when they will be formed under the leadership of Marshal E. J. Webster, and march in column to the residence of Mayor Pardee, who will place the keys of the city in the hands of Oakland's distinguished guest, after which the Mayor and Mr. Page will be escorted to the campaign tent, where Mr. Pardee will make the presentation speech, and Mr. Page will make his response. A band will be in attendence, bon-fires lighted, etc., with all the pomp and circumstance appropriate to the occasion. At the conclusion of these preliminaries, Hon. Tom Fitch will address the meeting on the political questions of the hour.

A Rare Chance.

D. Shirek, 905 Broadway, invites the attention of the public to a splendid lot of new goods just received as fast freight from Boston, Philadelphia and New York. The goods have been purchased in these dull times from the manufacturer at the lowest prices, and as they are being sold at wholesale rates to close business, the public have a rare opportunity to get first-class goods at extremely low prices. All in want of boots and shoes should call and see for themselves. *

Do not fail to call and see the elegant stock of Brocades, in all shades, basket cloth of an elegant quality, camels hair cloth, cashmeres, black, colored and striped, and other dress goods too numerous to mention, which are now open for inspection at J. Greenhood & Bro.'s, 1053 Broadway. *

The Demoralized New York Democracy.

Nomination of Hon. Lucius Robinson, for Governor.

Governor Tilden's Line of Defense in the Income Tax Charges.

Ben Butler Re-nominated for Congress.

The Demoralized New York Democracy.

SARATOGA, September 13th—12 M.—The Democratic State Convention is reassembling. All efforts to unite the delegates in favor of any candidate for Governor until late last night were futile. Everything was at sea, but finally the preferences settled on Dewitt C. West, on the part of the Anti-Tildenites, and Controller Lucius Robinson, on the part of the Tildenites. West peremptorily declined to run. This leaves the contest apparently between Robinson and Potter, with no rivals deserving to compete with them. Robinson is objectionable to many delegates, because he ran on the Union ticket in 1861, and was endorsed by the Liberals on another occasion. These facts make his Democracy doubtful to the unadulterated. The objections made to Potter is his speech recognizing State right of secession. The prospect is for a bitter fight in the Convention unless the efforts now making with a view to cutting off debate are successful. Neither candidate is satisfactory to the party, but all attempts to secure any more available man have failed of result. No thoroughly popular, unobjectionable Democrat is willing to run in the present demoralized condition of affairs, and since the Vermont and Maine elections have shown the popular tide does not set for the Democracy.

Tilden and his Income Tax.

NEW YORK, September 13th.—The *Herald* has the following.

Following is the line of defense advanced by Governor Tilden: In 1871, the period of the alleged false returns, his two brothers, Henry and Moses, lately deceased, were in the chemical manufacturing business in Lebanon, but were financially embarrassed to such a degree that ruin seemed inevitable unless prompt and ample relief came to hand. In this crisis, Governor Tilden advanced at different dates large sums of money, amounting to several hundred thousand dollars, out of his earnings, nearly all of which was lost. This, he claims, left his income at the figure in the sworn statement, and this is his defense to the charge of perjury. The document, when published, will, of course, be most voluminous, but it is believed that the essential points are embraced above.

Carl Schurz

CHICAGO, Sept. 13th.—The *Times* publishes a statement telegraphed from Washington to the effect that Morton, Chandler and other prominent Republicans have insisted so strenuously that Carl Schurz be ordered off the stump, that the party managers have acceded to the demand and Schurz will go off the stump. The reason for this action is found in Schurz's rigorous denunciation of corruptions, which the special says these men are concerned in, though the ostensible reason is that Schurz is acting as a spy in the camp of the Radicals. The fact that Schurz is speaking nearly every day in Indiana before large audiences, renders this assertion of the *Times'* correspondent extremely doubtful.

Ben Butler Renominated for Congress.

BOSTON, September 13th.—The Republican Congressional Convention for the Seventh District met at Lowell to-day and nominated General B. F. Butler on the first ballot. The whole number of votes cast was 106. Butler received 84; William A. Russell of Lawrence 13; Carroll Dwight of Reading, 9.

A motion to make the nomination unanimous was lost, about ten delegates rising in opposition. A committee was appointed to wait upon General Butler and invite his attendance. On entering the hall he was received with great applause, and made a speech.

Peralta to Make Another Ride.

Livery Stable Keepers Look out for Them.

PLACERVILLE, September 16th.—A young man signing his name Robinson, in company with a young woman, has been raiding on livery stable men. It is said that he started from Lodie, and by false representations, exchanged his tired-out team at Amador City to go to Plymouth. Not returning that night as agreed, it aroused suspicions, and an investigation developed that they crossed the American river at Folsom on Monday, and at Auburn they played the same game on a livery stable keeper.

The Bulgarian Butcheries—Arrest of the Offenders.

CONSTANTINOPLE, September 13th.—Fifteen Turkish officers, implicated in the Bulgarian atrocities, have been sent here under guard. They are the leaders indicated in the report of Blacqe Bey, who has been investigating the atrocities. It is said that Blacqe Bey's report admits that the atrocities were indescribably horrible, and that the report will be suppressed.

LONDON, September 13th.—The *Post* conspicuously invites attention to these arrests as evidence that the Porte is taking effective measures to show its abhorrence of the unauthorized and deplorable acts in Bulgaria. It says: We may feel confident that Lord Derby's earnest interposition has not been without effect in securing the punishment of the guilty and relief for the sufferers.

The Porte and Peace.

A special dispatch says the Porte has definitely resolved to refuse the armistice, but declares his readiness to discuss terms of peace. The Porte will not object to a suspension of hostilities.

No communication has yet been sent by the Porte to the European Ambassadors.

Heavy forgeries of Howard county (Mo.) bonds have just been discovered at St. Louis.

Some Russian volunteers are returning from Servia, but the agitation in Russia continues, causing uneasiness.

A dispatch from Vienna to the *Daily Telegraph* announces that the Servian War Minister, Vicelcus, has been appointed to command the army of the Ivor.

St. Hyacinth, Canada, recently destroyed by fire is being rapidly rebuilt. The Roman Catholic Bishop has granted the privilege to his parishoners of working Sundays.

The attaches of the White Star Steamship Line, at New York, gave a banquet last evening to J. F. Fugasi, the San Francisco agent of the line, and presented him with a gold badge.

The Centennial anniversary of the adoption of the first Constitution of Pensylvania occurs Thursday, 20th inst. The Governor has issued a proclamation making that date a holiday.

Five cars of the Atlantic Express, on the Danville road, near Greensboro, N. C., ran off the track yesterday, and were thrown down an embankment thirty feet. Thirteen persons were injured, not fatally.

Recent advices indicate trouble ahead at Standing Rock Agency. A chief named John Gross was arrested for carrying supplies to the hostile camp, creating a strong feeling between the Indians and the military, who made the arrest.

A fire last evening at Jamestown, N. Y., destroyed the large furniture establishments of Wood & Comstock, Stetson & Ellis, Scheldmacher & Bauer, and R. C. Wadleigh, and the tub and pail factory of Seymour & Stetson. Loss, $50,000.

Telegraphic reports from Philipopolis are to the effect that Torson Bey, one of the leaders in the Bulgarian outrages, and whose arrest has been ordered, together with a collected number of Bashi-Baxouks, defied the Turkish Government to arrest him.

A number of importers of Cuba sugar who receive their cargoes at New Orleans, claim they are entitled to enter sugar free of duty, and have paid the customs due under protest, since the passage by Congress of the Act to regulate imports under the recent treaty with the Sandwich Islands.

A man named C. K. Crossman was arrested on Sunday in Philadelphia on a charge embezzlement committed in this city several weeks since. Crossman was a contractor and builder in this city, and had several buildings under contract. It is said that he ran away with funds entrusted to him by Ray Bros., lumber dealer. The amount involved is between $7,000 and $8,000.

Gov. Pillsbury, of Minnesota, has issued a proclamation offering a reward of $1,000 each for the capture of the bandits engaged in the Northfield affair. The First National Bank of Northfield also increased its reward to $500 each. The horses and saddles of the robbers were found yesterday afternoon in the timber near Cleveland, on the Waterville road. This is accepted by some as evidence that the robbers have escaped through the cordon of pursuers.

Until further notice, silver bullion in fine or unparted bars, foreign coin, amalgam, plate, etc., will be purchased at the mints of the United States at Philadelphia, San Francisco, Carson, and the assay office at New York. The purchasing rate will be 101 cents per standard ounce, at Philadelphia, San Francisco and new York, and 100⅗ cents at Carson, payable in United States gold coin on determination of value by the mint assayer, the seller paying mint charges for melting, refining and parting, conformably to law and regulations.

Owing to the great reductions in the Post Office appropriations, the Postmaster-General will be obliged to send circulars to three hundred towns which have applied for money-order offices, stating that their requests cannot be complied with, as the law requires returns of all money-order offices to be made weekly. A very considerable force is necessary to conduct the book-keeping of this branch of the service, and so few clerks can be retained under the appropriation that they barely keep up with the present volume of work. It is probable the Postmaster-General will discontinue returning dead letters not containing money to their writers. This is the only branch of service that can be reduced without diminishing the revenue.

THE MAINE ELECTION.

Sixteen Thousand Majority Claimed for Connor.

Ohio Greenback State Convention Decide Not to Nominate.

Later Maine Election Returns.

PORTLAND, September 12th.—Returns up to this afternoon give the Republicans 29 Senators and the Democrats 2. Thus far 67 Republican Representatives have been reported; as against 7 Democrats. This morning's report that Knox county, almost invariably Democratic, had gone Republican, with the exception of a Senator and Court Clerk, is confirmed. The county tickets are divided in Lincoln and Waldo, and probably in Aroostook and York counties. The rest are Republican, solid, and every county in the State has gone Republican for Governor.

PORTLAND, September 12th.—Returns from all but three towns in the First Congressional District are received. The Republican candidate has 900 majority.

LEWISTON, September 12th.—Frye, Republican candidate for Congress in the Second District, will have about 3,200 majority. Chase, the soft-money candidate, will have 555 votes in the district.

AUGUSTA, September 12th.—The Kenebec *Journal* has returns from 287 towns and plantations, giving Connor 53,743, Talbot, 49,236. The same towns last year gave Connor 18,435, Roberts, 12,172. Republican net gain 10,184.

NEW YORK, September 12th.—The *Times* now claims 16,000 majority in Maine. The Republicans are rejoicing in various parts of the country over the Maine and Vermont elections.

Connecticut Greenback Convention.

NEW HAVEN, September 13th.—The Independent Greenback party in Convention to-day nominated the following State ticket: For Governor, Charles Atwater; Lieutenant-Governor, Francis Gullett; Secretary of State, L. V. Tenney; Treasurer, Lorens F. Judd; Controller, John A. Peck. John Phillips and Henry S. Pratt were chosen electors at large. The resolutions endorse Cooper and Carey; demands unconditional repeal of the Resumption Act; recommends exchange by the Government of its interest-bearing bonds for non-interest-bearing notes, and that legal tenders should be made exchangeable for interconvertable bonds bearing a low rate of interest; and condemn the policy of increasing our foreign debt and the demonetization of silver.

Ohio State Greenback Convention.

COLUMBUS, (O.,) September 13th.—About forty gentlemen met here to-day as a State Greenback Convention. It was decided not to nominate a State ticket. Carey was present and spoke earnestly against nominating a State ticket, claiming that as many of the prominent greenback men of the State had participated in the late State Democratic Convention of Ohio, which adopted a greenback plank in its platform, it would be unwise to repudiate that platform. Reuben Carroll and G. E. Edson were chosen electors at large, and a Committee was delegated to appoint the other electors. Resolutions were adopted favoring the restoration of the silver dollar.

Woman Suffrage State Convention in Massachusetts.

BOSTON, September 12th.—The Woman Suffrage State Convention met to-day to nominate State officers, and elected Mrs. Mary A. Livermore President. There were 700 delegates present. Speeches were made by Wendell Phillips and Lucy Stone. The Committee on Nominations reported the following candidates: For Governor, John J. Baker; for Lieutenant-Governor, Rev. D. C. Eddy; for Secretary of State, D. B. Gurney; for Treasurer and Receiver-General, D. N. Skillings; for Auditor, J. H. Orne; for Attorney-General, Orrin T. Gray; all being prohibitory candidates. The nominations were ratified.

South Carolina Republican State Convention.

COLUMBIA (S. C.), September 12th.—The State Republican Convention to nominate State officers met to-day. Robert Smalls (colored), Congressman, was elected temporary Chairman. There are contesting delegations from several counties in opposition to Chamberlain, but they are not strong enough to defeat his nomination for Governor.

New Jersey Democratic Electoral Convention.

TRENTON, (N. J.,) September 12th.—The Democratic Electoral Convention met today; ex-Governor Parker, Chairman. Joel Parker and W. W. Shipper were chosen electors at large. The Committee on Resolutions reported, and the Convention approved the platform adopted at St. Louis and the letters of acceptance of the nominees of the National Convention. They ratify the nomination of Tilden and Hendricks as men unusually fitted to bring about the reforms the country so much needs. No further resolutions were offered. Adjourned.

The Campaign in Ohio.

CHICAGO, September 12th.—The *Tribune's* Washington special says:

General Garfield writes privately to a friend here that Ohio will give Hayes a rousing majority, and that the Republicans will probably gain four of the Democratic Congressional Districts.

Denial from Carl Schurz.

CHICAGO, September 12th.—The New York *Sun*, having stated that Hon. Carl Schurz, in writing to a friend in Washington, had said that in Ohio the German vote was arrayed against the Republicans, and that he had doubts whether Hayes would carry the State, a friend telegraphed to Schurz to-day asking for the facts, and the privilege of making his reply public. The following is his answer:

MICHIGAN CITY, September 12th.—I wrote no such letter, and entertain no such opinion. Ohio seems to be sure for Hayes. Use this as you please.

(Signed.) C. SCHURZ.

This positive denial and expression of belief gives great satisfaction to the Republicans here.

Kansas Independent Reform Central Committee.

TOPEKA (Ks.), September 12th.—The Independent Reform Central Committee met to-day. M. E. Hudson, the nominee for Governor, and other candidates were present. All vacancies on the Committee and the ticket were filled, and arrangements made for a red-hot campaign.

Nominations for Congress.

NEW YORK, September 12th.—The Republicans have nominated E. G. Spaulding for Congress in the Buffalo District.

ST. JOSEPH (Mo.), September 12th.—The Republicans of the Ninth District of Missouri to-day nominated B. F. Loen for Congress.

Another Outbreak Among the South Carolina Rice Laborers.

CHARLESTON, September 12th.—There has been another serious outbreak among the rice hands. The laborers who were at work have been attacked and several beaten. The work was stopped, and the rioters refused to allow the rice already harvested to be shipped to market. The Governor dispatched an officer to the scene of trouble, who is ordered to take vigorous measures to arrest the rioters.

THE PORTRAIT.

'Twas a lady's portrait, fair and tall,
That decked the side of the cottage-wall,
And 'round, above and beneath,
Clustered a beautiful wreath
Of flowers, fragrant and sweet;
The form of a lady, young and fair,
With bright and wavy golden hair
That clustered 'round a marble brow,
Down o'er a graceful neck to flow
In ripples toward her feet.

So life-like seemed the portrait there,
As those bright eyes shone soft and clear
With melting languor, as her gaze
Shot forth bright, scintillating rays
Down from her place of state,
That one would think before him stood
An image of real flesh and blood,
And in the pale lips, silent and still,
Did with life's ointment fluid thrill,
The soul to captivate.

And as I gazed on that noble form
In its purple silk, and its snowy arm
Pearling suit 'neath its pure unsullied lace;
On that noble brow, and classic face
Bearing the type of love—
I thought, "Hath thy pathway been bright,
Fair one, or thy soul's fond delight
Been shrouded oft in gloom or woe?
Or dost thou now the sweet joys know
Of those bright real as above?"

THE STATE FAIR.

Preparations by the State Agricultural Society.

[SPECIAL DISPATCH TO THE "TRIBUNE."]

SACRAMENTO, September 12th.—A careful examination made to-day of all arrangements for the Fair of the State Agricultural Society next week, resulted in showing more complete preparations than ever before made, and more applications to compete at the Park and Pavilion, at this early day, than for many years prior. The Secretary exhibits a correspondence, showing more hearty and cordial feeling toward the Society all over the State than ever before. The Society is out of debt and in excellent condition throughout. There are applications up to-day for space in the Pavilion by over 100 exhibitors. At the Park for stalls for 159 horses, 173 cattle, 37 pens for sheep and goats. Such full entries to the speed programme were never before known. There are seventeen races; eleven have closed with the unprecedented number of ninety-seven entries, and a promise of thirty-six more. For the six races yet to close, the total purses amount to $11,500, with entrance money to be added in six races. Another remarkable fact, which is a source of great congratulation, is that entry money paid in and the added privileges of each race sold exceed the purses by $1,400 so that the Society really not only hangs up none of its own money, but has the gate money, and an excess. This, it is said, was never known to happen. To-day the weights for the great handicap race of the 20th instant were announced. The declarations of acceptance are to be made on September 16th. The weights and horses are as follows: Nathan Combs, 102 pounds; Bradley, 107 pounds; Newell, 105 pounds; Emma Skaggs, 103 pounds; Lady Amanda, 112 pounds; Shannon, 104 pounds; Golden Gate, 107 pounds; Vanderbilt, 101 pounds; Henry 100 pounds; Queen Emma, 90 pounds.

The Society received a notice that the Mechanics' Institute Fair Directors will do all in their power to favor and help the State exhibition, and exhibitors desiring can withdraw from the Institute Fair on the 17th instant. Heretofore the Institute has held its Fair over the same dates as the State, county and district fairs, and refused exhibitors leave to withdraw. This change of action creates excellent feeling. Director Christopher Green went to San Francisco to-day to arrange for a boat up the river from San Francisco on Sunday next, to accommodate San Francisco exhibitors.

THE HAWAIIAN TREATY.

Regulations Issued by the Secretary of the Treasury.

[SPECIAL DISPATCH TO THE "TRIBUNE."]

WASHINGTON, September 12th.—The Secretary of the Treasury issued regulations under the reciprocity treaty with the Hawaiian Island, addressed to Collectors of Customs and others, providing that before allowing admission products entitled to free entry under the provisions of the convention between the two Governments, Collectors shall require importers or consignees to produce proper invoices thereof, with affidavits of the owners at such islands attached thereto, accompanied by a certificate of the Consular officers of the United States, and in case there is no Consular officer of the United States at or near the port of shipment, said certificates shall be made by two respectable merchants or inhabitants of the place. Collectors will also require importers or consignees of such goods to file at the Custom House, in addition to such evidence, their own affidavits, certifying to the best of their knowledge, information and belief, that the goods are of growth or manufacture of the Hawaiian Islands, and may also require production of such further evidence as they may deem necessary to protect the revenue from fraud. The exemption of duty herein provided for does not apply to any goods, wares or merchandise in bonded warehouses, or imported into the United States prior to September 9th, 1876, the date of the President's proclamation.
